### **DETAILED ACTION**

This action is responsive to the amendment filed on April 15, 2005. Claims 1, 2, 4-8, 12, 15, 17-21, 24, 26, 27, 32-41, 46-49, 51-53, and 57 were amended. Claims 1-58 are pending.

#### ***Specification***

1. The disclosure is objected to because of the following informalities: status of related applications, 09/746,107 and 09/746,519, needs to be included and application 09/611,775 needs to be updated. Appropriate correction is required.

#### ***Election/Restrictions***

2. This application contains claims directed to the following patentably distinct species of the claimed invention:

##### **Subgroup 1:**

Species 1: claim 32

Species 2: claim 33

Species 3: claim 34

Species 4: claim 35

Species 5: claim 36

Species 6: claim 37

Species 7: claim 38

Species 8: claim 39

Subgroup 2:

Species 1: claim 42

Species 2: claim 48

Species 3: claim 49

Species 4: claim 50

Species 5: claim 51

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 1 and 4 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record

Art Unit: 2157

showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

3. A telephone call was made to Alan Loudermilk on June 21, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

### ***Conclusion***

4. A shortened statutory period for response to this action is set to expire **0 (zero) months and 30 (thirty) days** from the mail date of this letter. Failure to respond within the period for response will result in **ABANDONMENT** of the application (see 35 U.S.C 133, M.P.E.P 710.02, 710.02(b)).
